Dear Pastor **XXXXXX**,

My name is **XXXX XXXX** and, as a Christian, I have become greatly concerned with the commonality of divorce in our society. I am sure that this is a burden on your heart as well because, as a pastor, you are surely aware of the heartache that a divorce can have on a couple's lives. I believe that much of our nation's acceptance of divorce stems from the fact that many of our churches do not have a complete Biblical understanding of this topic. Recently, I discovered a book written by a pastor who also shares my burden for the breakdown of marriage in our society and I would like to send you a free copy to bless your ministry. I am not a theologian or pastor myself, but this book seems to break down a very complex subject in such a way that anyone can understand it. I know that it is very hard to be a pastor these days and I want you to know that I am praying for you and for your ministry here in **(Insert City Name)**.

Sincerely,

**XXXX XXXX**
